UFCC Contributions
UFCC donors may give to the UFCC through:

A designated gift – naming the agency to receive the donation

An undesignated gift – giving to the general campaign fund
In 2015, undesignated funds were approximately 34% of donations. This gives UFCC agencies 34% more money from donations.
Designated funds are those that are given to a specified agency.

All agencies receive these funds whether they are independent or part of a federation.
Undesignated funds – those given to the UFCC but not to a specific agency - are distributed to agencies or federations based on the percentage the agency received in designated donations.

In 2015, this increased gifts to agencies by 34%.
For example

An agency received $10,000 in designated funds in 2015.

They received $3,400 in their share of undesignated funds

Making their UFCC total $13,400.
If an agency is part of a federation, the federation is given the funds for distribution according to their federation agreements.
INDEPENDENT AGENCIES receive the funds that have been specifically designated to them and receive their earned percentage of the undesignated funds.

Child Advocacy Center
COMMUNITY HEALTH CHARITIES receives the funds that have been specifically designated to their agencies and all undesignated funds earned by their agencies. They distribute these - as earned - to the agencies.
UNITED WAY AGENCIES
United Way receives all the designated funds for their agencies and distributes them. United Way also receives all undesignated funds earned by their agencies.
The undesignated funds are distributed through the UW community impact fund.

The selection process is overseen by a group of volunteers who evaluate program outcomes, impacts and budgets to ensure that UW funds are directed at programs creating measurable results in the local community.

ElderCare of Alachua County
