How to connect your bank account on GivePulse

This is required to receive donations via fundraisers or ticketed events

Scan QR for the step by step guide!

1. From your group dashboard, edit your group and complete banking information
2. Fill in account type, legal country, account holder name, routing/account numbers, and currency.
3. Click “Connect with Stripe” to complete identity verification. This briefly redirects you off GivePulse.

Connecting Stripe and GivePulse:

Stripe requires the following from your 501(c)(3) to link your bank account. This is a federal requirement for all payment processors. Information is submitted directly to Stripe and verified securely. GivePulse only sees a status summary and cannot see submitted information or documents.
